

# The Success Center

Focused Academic and Career Coaching

---

## Parents

- **Are you tired of having to micromanage your child's homework?**
- **Are you frustrated with your child's lack of effort in school?**
- **Do your child's grades not reflect his/her potential?**

### We are here to help!

The Success Center helps students to recognize and realize their potential and to succeed academically, using a positive, individualized, focused approach. Strategies used include:

- Building confidence by helping the student understand his/her abilities.
- Mastering basic skills to meet current educational standards.
- Visiting teachers to help tailor coaching to the student's needs.
- In-home consulting to design a workspace for academic success.
- Teaching time-management techniques for completing homework on time.
- Helping the student take responsibility for his/her work.
- Linking academic success to succeeding in "the real world."
- Thinking creatively "outside the classroom" to further personal growth.
- Using sustained silent reading to improve overall school performance.

## Professionals

- **Are you frustrated with your current career?**
- **Do you want to change directions, but are unsure which way to turn?**

### We are here to help!

The Success Center can help you develop the insight you need to redirect your life, through individual, personalized career coaching.
